

**Newsletter 49
Hilden, April 2021**

Dear friends and sponsors of Yaoui e.V.,

we send you the first greetings in the new year 2021. We hope that you are all healthy and that you will not let your lust for life be taken away. You will receive the following information in this newsletter:

1. Notarial association matters
2. The next general meeting
3. News from Benin
4. The new membership fees are debited

1. Notarial association matters

The applications for the amendment to the articles of association resolved in August last year and the registration of the new board with the notary have been completed. The only thing missing is the confirmation from the local court that the entry has been made in the register of associations.

2. The next general meeting

Due to the corona situation, it hasn't been yet possible to hold a general meeting this year. The board decided to first consider Saturday, May 29th, 2021 as a possible date for this year's general meeting. This would take place **in the Diakonie house, St.-Konrad-Allee**

76a in Hilden.

As usual, you will receive a separate invitation a few weeks before the appointment. If a general meeting is still not possible in May due to the Corona situation, we will inform you in good time. Then we will put the meeting again for the end of August like last year, which will then also take place in any case. If we were still not allowed to meet, we would like to hold the general meeting digitally.

3. News from Benin

The money for the four teachers' salaries paid by Yaoui e.V. has arrived safely at the school. That being said, we're waiting for news from Isaac.

4. The new membership fees are debited

The new membership fees of € 18 will be debited soon. At this point, many thanks for your support! Some members used our vote on membership fees to top them up with donations. Thank you very much for that!

There were a few problems with bookings this year. Please remember to inform us about a change of your account or name! That saves a lot of work.

Despite all the adversities, we wish you a happy Easter in a small group.

God always give you the grace of the desert anew: Silence, fresh water and new hope and he always gives you the strength to look hope in the face.

(African blessing)

Best regards

Matthias Sorsoli, Juliane Steinmann, Martina Noske and Markus Brinkmann

The board
